Sunquam PTA

REFLECTIONS

The theme this year is:

“Diversity Means.....”

Reflections is a National PTA cultural arts program whose purpose is to provide an opportunity for students to use their creative talents by expressing themselves through their own original works. The students work will be judged first at Sunquam then if chosen will have the opportunity to compete at the Suffolk County level. Submissions are judged primarily on how well the student uses his or her artistic vision to portray the theme. ***The categories are: music, visual arts, literature, photography, film/video or dance.***

All Reflections works of art are due by October 28th.
